

Become an Aico
Expert Installer
at Century Electrical Wholesale

Aico's free, award-winning **Expert Installer** training is a scheme designed to provide Installers with all the information they need to correctly install domestic home life safety systems, including **Fire** and **Carbon Monoxide** alarms and Environmental Sensors.

Meet your local Regional Specification Manager for a **FREE** 60-minute **FIA-accredited CPD** presentation that will cover:

- Standards and Regulations
- System Design
- Sensor Types
- Siting and installation
- Testing and Maintenance
- System Accessories

Including a detailed overview of our full product range, along with demonstrations.
